# Swostik Nepal

## System Analyst & SAP Business One Consultant

Kathmandu, Nepal · hello@swostikn.com.np · github.com/SwostikN · linkedin.com/in/swostik-nepal-641392268/ · swostikn.com.np

### PROFILE

System analyst and SAP Business One consultant who turns how an organisation actually works into systems it can rely on. Developed Sarbo360, an ERP portal used daily by about 200 staff, including connectIPS bill payments, and the Rotaract District 3292 platform for 6,000+ members. Co-author of Nepal Rastra Bank Working Paper No. 65, presented at CAICE 2026 (Tribhuvan University). First Class BSc (Hons) Computing.

### EXPERIENCE

**Technical Consultant, SAP Business One** — Sep 2025 – Present
Saurabh Group, Tinkune, Kathmandu

- Developed and deployed **Sarbo360**, an ERP portal on SAP Business One used by about 200 staff at Sarbottam Steels and Sarbottam Spinning, including the **connectIPS** bill-payment integration.
- Support 100+ SAP users: daily issues and posting errors, user creation and authorisations, training and user guides.
- Built 50+ SQL queries, stored procedures and print layouts in SAP HANA for sales, purchasing, inventory, finance and production reporting.
- Automated controls with Formatted Searches, user-defined fields, tables and objects, transaction notifications and approval procedures.
- Built and deployed custom add-ons with C#/.NET and the SAP Service Layer; manage company databases, backups and upgrades.
- Maintain master data (business partners, items, employees, cost centres) and bulk-load corrections with the Data Transfer Workbench.

**Economic Research Intern, Research Department** — May 2025 – Jul 2025
Nepal Rastra Bank, Baluwatar, Kathmandu

- Built Python and Selenium data-collection pipelines to assemble search-volume series for Nepal's Economic Policy Uncertainty (EPU) index.
- Developed R routines for statistical modelling and visualisation, contributing to **NRB Working Paper No. 65**.

**Artificial Intelligence Intern** — Jun 2024 – Dec 2024
Cubit Incorporated, Anamnagar, Kathmandu

- Built a document question-answering and summarisation tool (React frontend, Python backend) using retrieval-augmented generation.
- Implemented Monte Carlo pricing simulations; built and evaluated regression models with held-out test sets.

### PUBLICATION AND PRESENTATION

Budha, B. B., Byanjankar, R., Nepal, S. (2026). *Macroeconomic Effects of Economic Policy Uncertainty: Evidence from Nepal.* NRB Working Paper No. 65, Economic Research Department, Nepal Rastra Bank.

Designed the keyword set, normalised search-volume series against a benchmark, applied Hodrick–Prescott decomposition to the aggregate index, and contributed to the study's framing (Sections 1–2).

**Presented at CAICE 2026**, Conference on Applied and Innovative Economics (CEDECON's Annual International Conference in Economics), Central Department of Economics, Tribhuvan University, Marriott Kathmandu, Kathmandu, Oct 2026.

### SELECTED PROJECTS

**Sarbo360** · Developed and deployed · 2026 – present
An ERP portal on top of SAP Business One, with connectIPS bill payments, used daily by about 200 staff.

**Rotaract District 3292 Platform** · Developed and deployed · 2026
Public website and member platform for 6,000+ Rotaractors in 198 clubs across Nepal and Bhutan.

**DocuMed AI** · Designed, developed and evaluated · 2025 – 2026 · Dissertation
A medical assistant that cites its sources, flags emergencies before the AI runs, and refuses unsafe requests.

**VESTIQ** · Designed and developed · Oct 2026 – present
A wardrobe app that digitises your clothes, picks outfits for the weather and the occasion, and tells you when not to buy.

**Civic data for Nepal: feasibility study** · Feasibility study, requirements and data model · Oct 2026 – present
Can Nepal's public works, budgets and officials be published in one place, with every record linked to its official source?

**Client websites** · Developed and deployed · Aug – Sep 2026
Two client sites rebuilt in Next.js, with an admin portal, working forms and email delivery.

## EDUCATION

**BSc (Hons) Computing, First Class Honours** — Jan 2023 – Sep 2026
The British College, Kathmandu
Validated by Leeds Beckett University, UK. Dissertation: MediRAG, a guardrailed clinical retrieval-augmented generation system.

**Certificate of Credit, Level 0 (Foundation Year)** — Sep 2022 – Aug 2023
University of the West of England, Bristol

**Higher Secondary Education (Science)** — Aug 2020 – Jun 2022
Kathmandu Model College, Bagbazar

## LEADERSHIP

**Rotaract Club of Patan Heritage, District 3292**: Treasurer (2026–2027) · International Service Director (2025–2026)

## SKILLS

| | |
|---|---|
| **Analysis** | Requirements & SRS, Process modelling, Data modelling (ERD), API analysis, Acceptance criteria, Feasibility studies, User guides & SOPs |
| **ERP & data** | SAP Business One, SAP HANA, SQL & stored procedures, Service Layer (REST), Crystal Reports / print layouts, Data Transfer Workbench, PostgreSQL |
| **Development** | TypeScript, React & Next.js, Node.js, C# / .NET, Python & FastAPI, React Native (Expo), R |
| **Platform** | connectIPS integration, Supabase, Docker, nginx, Vercel, GitHub Actions, Git |
| **Languages** | Nepali (Native), English (Professional) |
